ANANYA PATEL
Email: ananya.patel@email.com | Phone: +91-9123456789

EDUCATION
Master of Science in Data Science
Indian Institute of Science, Bangalore
Graduation Year: 2025 | CGPA: 9.1/10

Bachelor of Engineering in Computer Science
BITS Pilani
Graduation Year: 2023 | CGPA: 8.9/10

TECHNICAL SKILLS
Programming: Python, R, SQL, Java, Scala
ML/AI: Scikit-learn, TensorFlow, PyTorch, XGBoost
Data: Pandas, NumPy, Spark, Hadoop
Visualization: Matplotlib, Seaborn, Tableau, Power BI
Cloud: AWS, Azure, GCP
Databases: PostgreSQL, MongoDB, Cassandra, Redis

PROJECTS

1. Real-time Fraud Detection System
   Built an ML pipeline for detecting fraudulent transactions
   Technologies: Python, Spark, XGBoost, Kafka
   Achieved 96.5% accuracy with 0.2% false positive rate

2. Natural Language Processing for Legal Documents
   Developed NER and text classification for legal texts
   Technologies: Python, spaCy, BERT, FastAPI
   Processed 50K+ legal documents with 92% accuracy

WORK EXPERIENCE

Machine Learning Engineer Intern | Microsoft
May 2024 - August 2024
- Built NLP models for document understanding
- Deployed models using Azure ML and Docker
- Published internal research paper on transfer learning

Data Analyst Intern | Amazon
December 2023 - February 2024
- Analyzed supply chain data for optimization
- Reduced delivery delays by 15% through predictive modeling
- Built automated SQL pipelines for daily reporting

CERTIFICATIONS
- TensorFlow Developer Certificate
- AWS Machine Learning Specialty
- Stanford Machine Learning (Coursera)
